PROFILE

Hello everyone,

My name is Rohan Koshy Jacob, and I'm a highly motivated and ambitious second-year student. I'm seeking an internship/fresher job in the field of web development. With a solid foundation in frontend development and a growing proficiency in backend development, I am eager to apply my skills and knowledge to contribute to real-world projects and gain practical experience in a professional environment. I am seeking an opportunity to learn and grow alongside experienced professionals while leveraging my problem-solving abilities and passion for creating impactful web applications.

EDUCATION

Bachelor in Computer Application, *St. Xavier's college*   2022 – present
                                                                      Jaipur, India

High School, *D.A.V International School*   2019 – 2022
                                                                   Ahmedabad, India

PROJECTS

Task Management,
Built using nextjs 13 with drag and drop feature with user authentication. 🔗

Todo Web App, *Todo web app using react.* 🔗

Disney Hotstar Clone,
Created a Disney Hotstar Clone using Nextjs with authentication 🔗

Chat Application,
Built on nextjs 13 and used socket io for real time messaging 🔗
Note:- You need to refresh it few time as the backend gets shutoff when no request is made.
